Call For Pricing

Master's Transportation knows that sometimes flexibility is the key when it comes to schools. Collins developed an innovative, non-CDL multi-function school activity bus(MFSAB) that fits 100's of scenarios. This bus is offered with a Ford or Chevy chassis but no matter which chassis you choose it will be equipped with the Collins proprietary one-piece tubular roof design that ensures safety is still the highest standard in student transport in every Collins bus.
